FLORI.PLUS.25

REDEFINING YOUR SAFETY EXPERIENCE

Smoke detectors are so essential. They can warn you before you smell smoke and give you time to get to safety. A smoke detector is critical for the early detection of a fire in your home and could mean the difference between life and death. In a fire, smoke and deadly gases tend to spread farther and faster than heat. Properly installed and maintained smoke detectors play a vital role in reducing fire deaths and injuries.

What causes house fires in Singapore?

- Unattended Cooking
- Careless Smoking
- Heating Systems
- Children and Fire
- Electrical Appliances
- Flammable Liquids
- Inadequate Wiring
- Personal Mobility Devices

APPLICATIONS

- Residential
- Condominiums
- Landed Housing
- Commercial Offices

THE WORLD'S FINEST

WHY SMOKE/CO DETECTOR?

The Danger of Carbon Monoxide (CO)

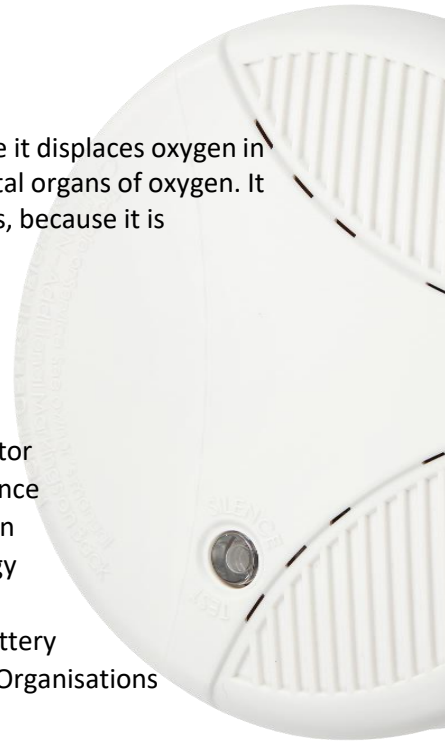

Carbon monoxide is harmful when breathed because it displaces oxygen in the blood and deprives the heart, brain and other vital organs of oxygen. It is considered to be a highly dangerous poisonous gas, because it is colorless, odorless and tasteless - but very toxic.

FLORI.PLUS.25

Key Features

- 2-in-1 Ultimate Protection
- Combination Smoke/CO Detector
- Best in Class Sensing Performance
- Sleek and Contemporary Design
- Proprietary German Technology
- 5 Years Warranty
- Built-in 10-Year Lithium-ion Battery
- Certified by World Renowned Organisations

entworfen, um Leben zu retten

DEUTSCHE MARKE
