

JN MEDICAL (ASIA PACIFIC)

COMPANY PROFILE

INDUSTRIAL
REVOLUTION

JN MEDICAL (ASIA PACIFIC)

Dedicated to Innovating Healthcare

JN Medical (Asia Pacific) is a company with a big mission: to help people age in place. We started in 2009 with the goal of providing smart, easy-to-use technology to help people to lead longer and healthier lives. We harness advanced technologies to increase our understanding of the needs of the elderly while maintaining their independence. We are more than an innovative company because we are also caregivers to our ageing loved ones.

VISION

We are in the business of innovating and improving the quality of elderly life

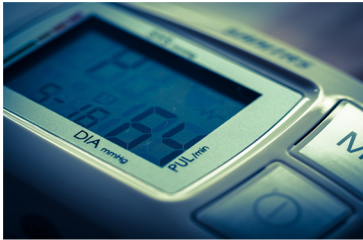

MISSION

To provide patient-centred healthcare with excellence in innovative, quality, and service
